AUSTRALIAN EDUCATION UNION - ACT BRANCH

Making a difference together

As a student member of the Australian Education Union you become part of a movement that has won huge improvements in educators' working conditions and students' learning conditions. And you help us continue to make a difference.

Better pay

When pay is negotiated our union has experts at the bargaining table supported by the strength of our united voice. That's how we win better outcomes for educators. Because of our union ACT teachers are earning \$11000 more in 2015 than they were in 2011.

Better conditions

By working together, we have won huge improvements in our workplaces. You will enter a work environment with smaller class sizes, paid maternity leave, permanent part-time work, reduced face-to-face hours for beginning teachers and new educator support days. These are the conditions that will allow you to make a difference in the lives of your students.

Information and networking

As a student member of the AEU, you're part of our community. You are part of a community of over 3,500 educators in the ACT and nearly 200,000 educators across Australia. Student membership allows you to meet people, learn from others, share ideas and collaborate.

A voice for educators

AEU staff are constantly meeting with bureaucrats and politicians to make sure they understand what it's like in the classroom. We are also a voice in the media making sure the community understands the challenges educators face and the great work we do.

it's
FREE!

A voice for public education

You have a champion for public education in the community, promoting our schools and winning extra resources for them. We are the organisation behind the historic I Give a Gonski campaign which has won billions of extra dollars for our schools, targeted to the students who need extra support.

Be a part of our community

Be a part of a community of over 3,500 educators in the ACT and nearly 200,000 educators across Australia. Together we make a difference.

A union for public school teachers, school psychologists, school assistants and TAFE teachers
